WINTER WOOD A. B. A.

A Good Showing for Colored Students—Dr. Lyons Sails for the Dark Continent—Literary, Religious and Social News from Gotham.

New York City, N. Y., Special.—The sending forth their yearly quota of graduates. Following close upon the commencement exercises of Columbia University, when Prof. Charles Winter Wood, of Tuskegee, received the degree of B. A. from the Teachers' College, came the closing exercises of the Normal College of the City of New York, held at Carnegie Hall, on the 17th instant. This college is exclusively for women, from whom the teachers of the various schools of New York are principally selected. There were about six hundred graduates, but only two of them were colored. This was indeed a small showing for the race, out of such a large number of whites.

Miss Williana Jones, one of the successful ones, formerly completed a course at Public School No 48, from which she graduated as valedictorian of the Senior Class in 1898. She then took the Normal College entrance examination and passed with the highest average of any girl either white or colored. Miss Mabel Scott shares the honors with Miss Jones. Miss Scott is very studious by disposition, and is a musician of no mean ability. It is to be hoped that the colored girls of this city and elsewhere will take advantage of the rare opportunity Normal College affords as a free institution, and that the race will soon be better represented as to numbers than it has been.

The Rev. Ernest Lyon, D. D., of Baltimore, the recently appointed United States Minister to Liberia, sailed for his post on the Cunard line steamship Etruria, on Saturday, the 20th inst. Dr. Lyon was accompanied by his son and two daughters.

Next Thursday evening the closing exercises of St. Mark's Lyceum will be held. A special program has been prepared under the direction of President Arthur W. Handy. Lyceum will reopen about the 17th of September.

At St. James Presbyterian Church the pastor, Rev. C. Le Roy Butler, has been delivering a series of sermons on the Psalms, which he followed up on Sunday at 11 a. m. by delivering an instructive discourse from the 2nd Psalm. At 8 p. m. his subject was "A Call to Immediate Preparation." He showed in a particular manner why we should be on the alert to grasp each opportunity as it is presented.

The Christian Endeavor met at 4 p. m. and was led by James Drake and Miss Carrie L. Dent. The subject was "How we may learn to use the sword." Next Sabbath, which will be the last meeting until September, will be Missionary Day, as well as consecration.

Dr. Booker T. Washington, principal of Tuskegee Normal and Industrial institute, is booked at the Manhattan Hotel. Mrs. Elizabeth Dent, of Washington, D. C., is visiting her daughters, Mrs. John R. Hillery and Miss Carrie L. Dent.

For the first time in the history of New York, there was filed in the office of the county clerk a certificate showing the organization of a company of colored men as co-partners, with ample capital, engaged in the business of leasing tenement houses and flats, under the name and style of the Afro-American Realty Company. The President of the company, Mr. James C. Thomas, is well worth \$100,000. The secretary and treasurer, Mr. James E. Garner, represents more than \$20,000, and the business manager, Mr. Philip A. Payton, jr., is said to be operating on \$50,000.

Perhaps the most agreeable trips of the season are those delightful outings on Saturday evening, which are planned by the Amphions. The crowd is always select, the music unusually attractive, and all return home with an appetite to go again.
